08. Why Should the colleges Join?

09. Is there any limits to the number of users who can access subscribed resources simultaneously?

10. Our computer network uses firewalls, what configuration do we need to enable access to e-resources?

11. What are the subject covered under N-LIST Programme?

12. What is the Proxy Server?

Proxy server are computer programs that helps to provide remote access to Web-based licensed content to the authorized users whose access is not IP-enabled. It is middleware that authenticates authorized users through an authentication system and provides remote access to licensed content based on the user's authorization. N-LIST uses EZ proxy for authenticating users from colleges.
