(University of Delhi)**

Result of E- poster making competition, organized by the Equal Opportunity Cell of IHE on the topic "My Vision of Inclusive India".

Smriti Mishra, B.Sc. (Pass) Home Science (Semester IV)

"Unity in Diversity: India's Strength, Our Pride" encapsulates the essence of India's cultural tapestry, where myriad languages, religions, traditions, and beliefs harmoniously coexist. This slogan embodies the idea that despite our differences, we are bound together by a shared sense of unity and belonging. In a country as diverse as India, unity does not mean uniformity but rather the recognition and celebration of our unique identities. It signifies the strength that arises from embracing our diversity, drawing upon the rich tapestry of cultures and perspectives to forge a stronger, more resilient nation. Our pride stems from the knowledge that in the face of adversity, we stand united, each thread of diversity woven into the fabric of our collective identity, making India truly extraordinary.
