To Whom It may Concern

Ms Shreya assisted the India office in New Delhi of Macromedia University of Applied Sciences, Germany for a period of 4 weeks starting from 20th June 2018 to 20th July 2018. I was responsible for her daily activities. Ms Shreya is very punctual with timings and prompt on communications where required. She was very focused on the tasks assigned in the projects and tasks were completed in a time bound manner. Her attitude towards her new work and environment was very positive and she tried to reach out to other staff at the office in a very professional manner. She worked on various projects like making official calls, working with data and learning to use openoffice. She wrote reports for her daily activities and realized the importance of details in documentation. She used openoffice spreadsheet to sort, filter data and performing data cleaning activities. Her suggestions for various projects were very thoughtful and at times came up with out of box solutions. We appreciate her efforts at our organization and would recommend her for such projects in the future at other organizations, she would definitely add value to such projects in any company. Wishing her all the best for her future projects, internships and higher studies.

You may contact me for any further clarifications on the work of Ms Shreya for the internship at our University office in India.
