34. Kindly give suggestions for improving infrastructure and hygiene in the institution?

Hygiene rosters must be maintained and committees of students and faculty empowered to undertake periodic checks.

35. Mention the kind and nature of support you need from the institution for fulfilling your professional goals?

answer subsumed with question 36

36. Kindly give suggestions for improving overall work culture in the institution?

First, Faculty must be allotted committees on a rotation basis. Second, I quite enjoy the academic freedom that my course and college offers. It is appreciable and efforts must be made to strengthen those. Third, Free time for thinking, reading and research must be respected. One tends to forget the work-life balance in a work from home situation. This intricate balance must be maintained mindfully as it enhances the quality of teaching-learning. Fourth, student grievance must be collated in a systematic manner so as to address them. More ownership related to issues and concerns of quality of teaching-learning must be passed to students and student council. Fifth, we can institute research internships for students.
