IHE's Vision

To empower girl students to contribute to the intellectual, professional and capacity building endeavours of the nation and to face the challenges of a globalised world while remaining rooted in the values and practices of their own culture.

College Report 2016-17

Our esteemed Chief Guest - Shri KG Suresh, Director General, Indian Institute of Mass Communication; Guest of Honour - Madam Nidhi Kulpati, one amongst the renowned and ace TV media personalities of the country; Prof MK Jha - Chairman, Governing Body; Dr. Malhan, our Founder Director; Dr. Khanna and Dr. Passi, Former Directors; our erstwhile senior faculty colleagues, faculty members, staff and dear students. I welcome you all to the 56th Annual Day of the College.

It is a moment of genuine pride and privilege for each one of us at the Institute to have in our midst, two of the brightest stars on the journalistic firmament of the country. Notwithstanding their chock-a-block professional schedules, Shri KG Suresh and Madam Nidhi acceded to our request to grace the occasion this morning on the momentous occasion of our Annual Day. We are deeply beholden to them. It is my pleasure to give a succinct introduction of our highly erudite Chief Guest and the Guest of Honour.

Shri KG Suresh is currently serving as Director General, Indian Institute of Mass Communication, India's premier media training institution. Prior to his current assignment, he served as Senior Consulting Editor with Doordarshan News; Editorial Consultant with Asianet News Network; Chief Political Correspondent with Press Trust of India and Group Media Advisor to Dalmia Bharat Enterprises Ltd.

Shri Suresh is a Member of the Internal Quality Assurance Cell (IQAC) of the prestigious Jawaharlal Nehru University, New Delhi; Governing Council, Film and Television Institute of India, Pune; Society of Satyajit Ray Film & Television Institute, Kolkata; Board of Management, AJK Mass Communication Research Centre, Jamia Millia Islamia, New Delhi; General Council of Makhanlal Chaturvedi National University of Journalism & Communication, Bhopal; Academic Council, Central University of Himachal Pradesh and Governing Council, Institute of Leadership and Governance, The MS. University of Baroda.

A media educator for the last two decades, he has also served as Adjunct Professor at the Makhanlal Chaturvedi National University of Journalism & Communication and visiting Professor with the Delhi Institute of Heritage Research and Management of the Govt. of NCT, Delhi. He was designated Commonwealth Youth Ambassador for Peace by Commonwealth Youth Programme, Asia.

With a rich professional cross media experience of about three decades, Shri Suresh is the recipient of Prem Bhatia Fellowship for Research in Media by Young Journalists. A post-

Graduate in Mass Communications, he successfully completed a Public Health Journalism Experiential Course at the Oxford University, United Kingdom. He was the Editor-in-Chief and Member of the International Jury for the Media Colloquium at the prestigious Delhi Sustainable Development Summit 2015, and the only journalist to represent India at the World Media Conference in Seoul in March 2015, organized by leading US Daily, The Washington Times. He was on the international jury for the Plural International Youth Video Festival 2012, organised by the United Nations Alliance of Civilizations and the International Organisation for Migration. He was the first Indian to be nominated as a jury since the inception of the festival in 2009.

Shri Suresh chaired the international jury of the 4th Woodpecker International Film Festival, 2016 - India's premier festival focusing on issue based cinema and the jury of the 13th edition of the 'We Care' International Film Festival on disability issues, 2016. Ms. Nidhi Kulpati, our guest of honour today, is one of the most known faces of Indian news world. She is best known for being a news anchor at NDTV. Ms. Nidhi completed her training in journalism from Sky TV in London. She started her career with 'Newstrack' in 1991 and has been associated with DD, TVI, Zee News and BBC News networks. She joined NDTV when the network began, and mainly covers Indian politics. Other shows that she has anchored include: Mukhyamantri Chale Gaon, Yuva Sansad, Dilli Durbar and Prime Time. She also regularly holds debates and discussions along with political analysts and leaders on her show titled 'Badi Khabar'. Ms. Nidhi is a recipient of the prestigious INB (Best Hindi News Anchor) and NT Award (Hindi Anchor of the Year) in 2010.

Sir Suresh and Madam Kulpati, your august presence and remarkable achievements shall be an inspiration for all of us, especially for our young aspiring students. I once again welcome you both and express my sincere gratitude.

With your kind permission, I present a brief report of the Institute for the year 2016-17.

Institute in Retrospect

Indian women are embarking upon newer territories and career options, experiencing far reaching changes and are actively participating in social, economic and political activities. Education of women has played a very seminal and paramount role in this transformation and their empowerment.

The Institute of Home Economics, founded in 1961, has played a sterling role in providing formal education to young girls from across the nation. The Institute is a centre of higher learning through a combination of skilful teaching, research and extension activities. I am delighted to apprise you all that the last six to seven months have been a banner period for our Institute. We got the coveted 'A' grade by the National Assessment and Accreditation Council (an autonomous body of UGC) after a rigorous process of assessment from 22nd-24th September, 2016. We were awarded FIST grant (Funds for Improvement in Science and Technology infrastructure) from the Department of Science and Technology, Government of India and were selected for recognition and support in science teaching under the Star College Scheme by the Department of Biotechnology, Government of India. These recognitions and support are an eloquent testimony to the hard work and efforts put by our institute in imparting quality education to girl students. While we are overwhelmed by this concatenation of phenomenal successes, we sanguinely trust more than ever before, that we shall continue to scale further heights in our endeavours. The Institute offers undergraduate programmes in Home Science, Microbiology, Biochemistry and Elementary Education, post graduate courses in Food and Nutrition and in Fabric and Apparel Science; postgraduate diplomas in Dietetics and Public Health Nutrition and in Health and Social Gerontology and also offers the Ph.D. program. The Institute has now obtained approval for programmes in B.Sc. (H) Food Technology and B.A. (H) Journalism.

Infrastructural Facilities

With the introduction of new courses and to accommodate the increasing number of students, a new building block has been constructed with state-of-art laboratories and lecture theatres as part of the OBC expansion. This has facilitated the increased intake of students to the college and also provided them ample space for study and co-curricular activities. The new building has twelve spacious and well lit lecture theatres and eight laboratories. It also has a large conference room to host conferences and workshops.

The Institute runs a day care centre for children and a pre-nursery school from this building

block under the supervision of the faculty of Human Development and Childhood Studies. The highlight of the building is an amphitheatre for conducting intra and inter-college events. The existing building of the college which houses the library, a conference room, gymnasium and several laboratories and lecture halls has been renovated to facilitate the teaching learning process.

The Institute has a fully computerized library with adequate infrastructure and a rich collection of more than 23,000 reference materials in the form of text/reference books, journals, thesis and periodicals. The Institute subscribes to nearly 40 national, international and DU journals. A bar code system with smart cards and scanners is used for the circulation of books. The college also has a well-equipped modern computer laboratory. An interactive website provides students with easy access to holistic information regarding the Institute and other ongoing activities. The Institute has over 15 well equipped laboratories.

To wrap up, I would like to add that the Academic Year 2016-17 has been a period of spectacular success during which we continued relentlessly in our inexorable march to surge ahead. We have registered progress at an overwhelming accelerated pace. But this shall be no reason to lure us into any kind of complacency. Journey of quality, *per se*, is never ending. The rules of the game shall go on changing briskly and we have to keep abreast of technology changes and societal norms.

This gives me great pleasure to keep on record my utmost gratitude to Prof MK Jha, our esteemed Chairman, Governing Body, faculty, staff and students for their unflinching support and commitment. Once again, I am extremely grateful to Shri KG Suresh, our profound Chief Guest and the elegantly professional Madam Nidhi Kulpati for having been in our midst on this occasion.

Jai Hind.....
