MEDITERRANEAN STYLE
Interior Design

Sunlit spaces. Natural textures. Coastal charm.

THE STYLE, THROUGH OUR SPACE

Inspired by homes around the Mediterranean Sea, this style brings together warm neutrals, natural materials, lively colour and a relaxed connection with the outdoors.

Warmth & colour
Cream walls and upholstery create a soft backdrop; red curtains and a patterned kilim add warmth, while blue, yellow and green coslaons echo the sea, citrus and foliage.

Natural textures
A woven cane basket, a green plant and a fibre pouf bring an earthy, handcrafted feel.

Relaxed living
Low seating beside the open window welcomes daylight and creates an informal corner for conversation.
